

ÓBUDA UNIVERSITY
REJTŐ SÁNDOR FACULTY OF LIGHT INDUSTRY
AND ENVIRONMENTAL ENGINEERING

Dear Distinguish Friends and Colleague

It's our pleasure to kindly invite you and your colleagues to participate in our upcoming event **online Free of Charge** as International Annual Conference **14th ICEEE-2023** on **“Global Environmental Development & Sustainability: Research, Engineering & Management”** which will be held during **November 16 - 17, 2023** in Budapest – Hungary.

The 14th ICEEE 2023 **Global Environmental Development & Sustainability** Conference focuses on the theme “Emerging Prospects on Environmental care and Safety” as we try to shed more highlight on this through Panel discussion which includes Plenary, Keynote, Oral, Posters, Workshops, and Special sessions.

Workshops Special Session: **Environmental Health and Climatic Change**

It's an amalgamation of classic and applied Sciences and humanitarian thoughts with Environmental Professionals from across the Globe sharing their knowledge and thoughts about the Fundamental topics related to Environmental care and Safety.

For more information, please visit the website: www.iceee.hu

All accepted and presented papers will be published in the **Proceedings Book** of the Conference with **IBSN**.

It would be an honour to have your altruistic presence and help us in achieving our cause.
Looking forward to your reply.

Thanks & Best Regards,

Prof. Dr. Hosam Bayoumi Hamuda

President of ICEEE

Chairman of the Conference
